Attached is the final draft of the 1990 PUGET SOUND JACK & JILL SERIES rules. Many thanks to all of you who provided comments and helped to get the program through your respective clubs. I have made some minor revisions for clarification but the revised version is essentially the same as the draft you reviewed.

Also attached is a one-page summary providing all the rules for necessary for series participation. We are providing copies to the local sailing media for inclusion in their June editions. We will also send copies to other local area clubs that may be interested. Please see that this information gets distributed to your membership in your next newsletter.

I have every confidence this series will be a success and that we will all benefit from increased participation in our individual events. I would suggest that we plan a meeting after the last race to discuss how we might improve the series for 1991. Appropriate comments could then be made at SYC's Awards Banquet.

Again, thanks for your support!

PART B - SERIES RULES

1. ELIGIBILITY: All series events are "Open" races. Any yacht with a current PHRF handicap and PIYA affiliated club membership may participate, subject to meeting each individual yacht club's entry requirements and payment of applicable entry fees.

Yachts competing in this series are restricted to one male and one female crewmember. Although this is not an entry requirement for SYC's Single/Doublehanded Championship, a yacht competing for PUGET SOUND JACK & JILL CHAMPIONSHIP SERIES awards must comply with the one male, one female crew requirement and enter under the Double Handed category in SYC's event.

2. PARTICIPATION: Participation in the series is automatic for any eligible yacht participating in any of the four designated events, *However, a yacht must start in three of the four events in order to qualify for trophy consideration. There will be no throwouts.*

3. YACHT CLUB DESIGNATION: In the event that a participating yacht belongs to more than one yacht club, the entrant must notify the club responsible for managing the series which club they are representing for the series prior to the first race entered. For 1990, contact Carol Pearl (STYC) at 783 6419.

4. SCORING FOR INDIVIDUAL RACES: A yacht's finishing position within each established division (either NFS or FS) in any series race will determine points earned toward the PUGET SOUND JACK & JILL CHAMPIONSHIP SERIES awards as follows:

$$\text{Points} = 100 \times (N + 1 - \text{FP}) / (N + 1)$$

Where... N = number of division starters in each race and
FP = a yacht's finish place within that division.

$$\text{DNF} = 2/3 \times (N + 1)$$

$$\text{DSQ} = 1/2 \times (N + 1)$$

$$\text{DNS} = 0$$

1990 PUGET SOUND JACK & JILL CHAMPIONSHIP SERIES

5. **SERIES DIVISIONS:** The following *Series Divisions*, based on a yacht's FS rating, are established solely for the purpose of determining the overall PUGET SOUND JACK & JILL CHAMPIONSHIP SERIES awards. A yacht without a FS rating will be rated for purposes of series scoring as if they have a standard spinnaker. A yacht with an approved rating change during this series will be scored in the division that they would fall within for the first series race entered. *These rating breaks are only for series scoring and do not affect rating breaks established by each club for its own event.*

Division 1	105 or lower
Division 2	106 to 170
Division 3	171 or higher

Based on experience, the number of divisions and corresponding rating breaks may be changed in future years with the intent of providing approximately equal numbers of yachts competing in each division.

6. **AWARDS AND PRESENTATION:** SYC will provide series trophies for presentation at its Annual Awards Banquet. There will be a trophy in recognition of the yacht with the best overall score in each of the *Series Divisions*. In addition, there will be a perpetual trophy in recognition of the yacht club with best overall participation and performance for the series.

7. **SERIES SCORING:** The yacht in each of the *Series Divisions* with the highest point total after the last series race wins the trophy for best performance in that division for the series. There are no throwouts. Yachts tied on points for the series will be ranked by applying the following criteria in succession:

- (1) The decision will favor the yacht most often scoring the highest point total per race than all others tied until each is ranked.
- (2) If still tied, the decision will favor the yacht scoring the most points in any race, or of still tied in any two races, then three races, etc. until each is ranked.
- (3) If still tied, the decision will favor the yacht scoring the most points in the final race, or if still tied, the next previous race, until each is ranked.

8. **CLUB SCORING:** This award is intended to encourage maximum participation by yachts from all clubs in all series events and to recognize the club with the most consistent overall participation and performance. Scoring for this perpetual trophy will be as follows:

- (1) All qualifying yachts (starting three of the four series events) will be counted. Points earned by each yacht in each race will be summed. The club with the highest number of points earned by all yachts from that club will win the series club championship award.
- (2) In the event of a tie on total points, the club with the most individual qualifying yachts participating in the series will win the award.

1990 PUGET SOUND JACK & JILL CHAMPIONSHIP SERIES
